My English story

It was once a dog that had never been outside the garden, he definitely wanted to see the world outside the garden, but his owner always saved him in the garden and never went for a walk with him. Then one night he discovered a small hole in the fence, he tried to squeeze through and managed to run into the forest as fast as he could. He ran until the sun rose and then sat there in the forest. He was tired and lay down to sleep under a bush. When he woke up, he heard the screaming of two children playing hide and seek. He got up and went to look. The children noticed him and walked slowly towards him. They started to stroke him. The children spent the whole day with him, and they took him home in the evening and the dog lived happily in a new family.

Captured on a ship

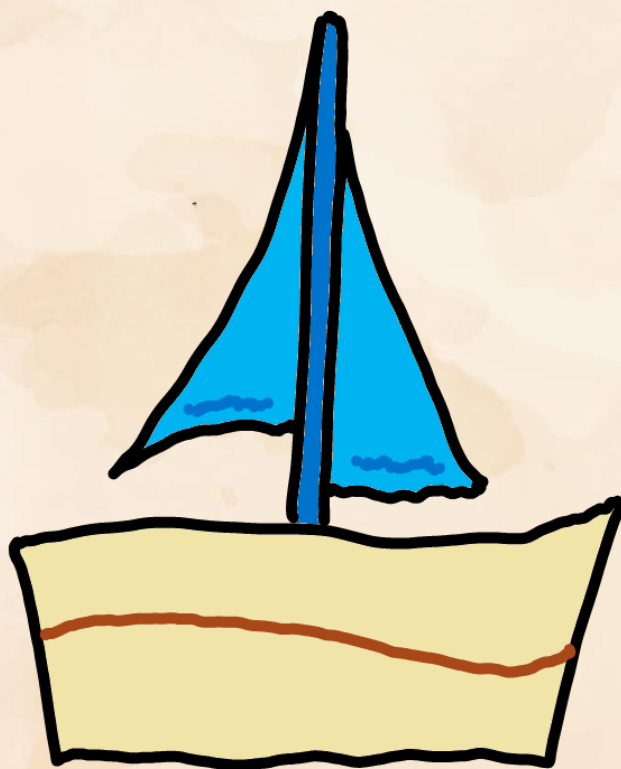

15th of June 1915

It was a very sunny day in June. The sky was blue and no cloud was on it. I stayed at home. For two weeks already! It was so boring! I need an adventure! But what can I do? I had no idea. But on someday I knew it. What about a boat trip? Yes, that was a good idea. I found a ship that wants to drive to America. I asked the captain if I can come with him on the trip. He was agreed and so I took my things from home and went on the ship. It was a big ship with a blue sail. There were five other people and a large crew on board. On a sunny day we set off. We drove off into the blue ocean. It was so nice! But in the evening a storm was coming. The whole crew was very nervous. We were very scared and didn't know what we had to do. First, we went to bed. "Maybe it will be better in the next morning", we thought. And it was. In the next morning, the sun was shining if nothing happened. But nobody, not even the captain knew where we were. What can we do? How can we find the way back home? It was difficult. We thought a long time. Then we sailed away. We didn't know where we were going. But we can't see any shore, not even an island. We were helpless. We were captured on our own ship. On the next day I sat on the deck and looked into the blue sky.

I thought about our situation and how we will find back home. Suddenly I saw a seagull. A real seagull! That means that we can't be so far away from a shore! I took my field glasses and look where the seagull came from. And suddenly I

saw a shore. I called the captain and showed him the shore. We were really happy about my discovery. We headed for it and saw that it was our own home port! We were back home! We only sailed a big circle! I was so happy! That was adventure enough for at least one year! But not the last adventure...

Chicks are strong

In a small village, there live four young chicks. Their names are Enton, Heinz, Markus and Pitt. The village is next to a creek. It's called "Chicken creek". The four chicks are little ninjas and can fight very well. But in Chicken creek there lives a bad chick too. His name is Florian. He is bigger than Heinz and Pitt together (And Heinz and Pitt are very big). But the ninja chicks have got two bad enemies. Their second enemy is Karl. Karl is a very small chick, but he is a big sneak.

The ninja chicks are sitting in their base (A little heap of earth). But one chick is missing: Markus! Markus is a very clever chick. But he is always late. The three chicks wait 15 minutes. 20 minutes. AND 30 MINUTES! After 40 minutes Markus jumps in the heap of earth. "Sorry!", he says. "I have found a map! On the map there is a secret place. The place is next to the mountains. Nobody knows this place. But I want to know, what there is!" "But Markus! We can't go next to the mountains. That's too dangerous!", says Heinz. "OK. Then I will go alone.", says Markus. "Wait!", says Pitt. "I'll go with you." "Me to.", says Enton. "OK. Then I also go with you.", says Heinz. "First we need our equipment.", means Pitt. "Each of us takes his things and then we start. But first we go sleep." "Exactly.", says Markus. "It's important to sleep before we do an excursion."

On the next morning the ninja chicks break up to their excursion. Pitt is on the front. After Pitt walks Enton, then Markus and the last one is Heinz. After ten minutes Markus shouts: "There are Florian and Karl! And they have backpacks on their backs!" "You have listen to us!", screams Enton. "You also want to find

the secret place." "Because of that you follow us!", shouts Pitt. "Wait.", says Heinz. "I have an idea. We give them our replacement map. Then we make a race to the secret place." "OK. I accept the bet.", says Florian. "Me too", says Karl. "Ready, steady, goooooooooo!!!" The two teams run away. After two hundred meters it forked the way. Teams Pitt runs left and Team Florian runs right. Tea, Pitt runs and runs. But then they see a rock wall. "We must climb", says Enton. "I have a grappling hook!", says Heinz. He throws it to the sky. After ten meters the hook gets caught on the rock wall. On the rope the four ninja chicks climb up. Then Heinz throws the grappling hook again. Till to the top of the rock wall. They climb up again. "Now we are on the top.", says Markus. "Look", shouts Enton. "There is a slope! It's look like a slide. Come on guys! We jump on our backpacks and slip down." "OK!", says Pitt. "One, two, three, GO!" "WOW!" "YOUHU!" "COOL!" "GREAT!" As they are below Pitt says: "Our aim is there. Behind the trees." They run behind the trees. "Yes!", screams Pitt. "We are the first. And here is the secret place." The secret place is a: STONE!!! "Now we can draw it in the map!", says Markus. Ten minutes later team Florian comes to the stone. "OK", says Florian. "You won." "Now we can walk back together.", says Karl. And then they walk back. Until their Chicken creek. Now the four ninja chicks tell their parents from their excursion to the secret place.

The rescue

Hi, I am Benn and 16 years old. Me and my friend Paul were sitting on our spaceship and flew in lightspeed to the dark fleet. Our friend Josi was kidnapped from the dark lord, because she was the daughter from th King of the Earth. The dark lord wanted the domination over the earth and blackmailed the king with his daughter. So we wanted to free Josi. We camouflaged us as soldiers and landed on the ship from the dark lord. We were running fast to the jail of the ship and we opened the door from the cell with our blasters. Josi was very surprised and looked happy. But the soldiers from the dark lord noticed us and the dark lord came angrily. Paul said to us, he wants to blow up the ship and ran to the reactor. Me and Josi were running to our ship. The dark lord with two red lightsabers in his hands stood in our way. I took my blue lightsaber and attacked the lord. He smashed me down and wanted to kill me. But in this moment, Paul shot with his blaster to the hands of the dark lord. The lightsabers from the dark lord were falling to the ground. We were running to the ship and escaped happily. The dark lord was standing in the hanger and shouted angrily. We flew back and Paul pressed the trigger for the bombs in the reactor. The ship of the dark lord exploded, and we flew back to earth happily.

Adventure

It was Monday the 4th of May, I wanted to go to school with my three best friends: David, Julius and Argsend. It was very hot on this day in London. So we went with the bikes to school. On the way we saw a strange woman so David and I went to the woman and asked what happened. I said: wait, wait... but David went on. Suddenly she grabbed David's face, she said when you want your friend back, you give me a treasure and I give you your friend. We were at the sea and we wanted to call for help. She said: "Boys, something else, no police." She gave us the card to the treasure. We started looking at the card, it was very old but we saw we must go to the London Eye. We all had the feeling in our heads: What is with David? The school called our parents and said we are not at school. Our parents were scared, it was 10 o'clock am and the boys are not at school? The parents from Julius quickly called the police. At this time, we were at the London Eye. I was very sleepy that day. Julius said there is a note. There it says go to the Portobello Market. We went to the Portobello Market and we saw the next note but the next note was on the tree. Argseid was a good climber. And he picked the next note. There it said: go to the Big Ben, there is the treasure. We went to the Big Ben and saw a police officer, we said hello, the police officer said: "Wait a moment, you're the three boys who are missing but you're three. Where is the fourth member of your group?" We told him the story and the police officer had a plan. We found the treasure with the police officer, we brought it to the old woman. David came to the police and they arrested the woman. We learned you must never trust strange

people. In the treasure was a lot of money, we donated the money to the poor people and we are now the best four friends in the world.

A beach day

It is summer. We are on the beach. The sun is shining very warmly. I am going into the cold water. My sister is lying on a beautiful towel. She is reading an exciting book. The book is a crime. I see kids. The kids are playing loudly volleyball on the beach. I am coming out the water and buy a fresh and sweet ice. I am eating my ice very slowly. My sister and me, we are building fast, a very big sand house. my mom and my dad are going swimming. They are very good swimmers. In the afternoon we are eating Chips and drinking Lemonade. This is a beautiful day.

Do not be afraid

"Do not be afraid. Was the last sentence that I heard from Olivia and nobody knows where she is...?" "Yes, this is correct." Said my father to me. My father Jonathan is the most respected agent from the police. My mother Isabell is unfortunately deceased. She was an agent, too. She fought beside my father, until she died. My parents are the most beautiful couple, but as a result of this accident broke them apart, so my father says. I don't know what is really happening. Dad won't talk to me. But back. My best friend Olivia is disappeared for 2 days. The last person who saw Olivia was Mick her boyfriend. They're together for 6 months. But Mick won't talk. That's the story. I'm Alexa, Olivia was my bestie and maybe my sister. We're 15 years old and go in an academy, but at the moment we've holidays. We became friends 5 years ago, as she came in the academy of dance. Olivia was the most honest person I know. Her father and mother are dead. She is an orphan. As I get to know, she was shy and still. Now she is a strong girl. Tomorrow there is her birthday, but then we can't celebrate it. That is shit. " Olivia, I must go" says my father. „ We have a hot track “ and he runs away. I don't know what I can do. So my afternoon looked like this: I sit on my bed and watch movies Crazy rich and Oceans 8. And then it knocks on the door...

I open the door and in front of me stood Olivia. I screamed. An old woman saw my irritated eyes. I only laughed nervously. „Can I go in?" ask me Olivia. I say Yes but tell me who are you and what you do there?!" She says: "Please listen to me, I don't know where I was, I know only that I wake up in the city park." You wake up in the city park? I asked her critically. She just nodded. I went

away to my iPhone, because I must call my father that she lives, and that Olivia is healthy. Dad drove so fast to us. He hugs Olivia so much that she could barely breathe. When he let her go, dad started to cry. (You must also know that Olivia is family for us. My mother and her mother (Luisa) were besties and raised us like twins. And then they died. ☹️ So Olivia lives with me in my little room.) my father squeezed she outs. In the end it came out that:

- That she sleeps
- She possesses few memories.
- That she is physically and mentally healthy.
- She was wearing old smelly clothes.
- And she was very confused.

Dad thinks she was drunk and that's not important for the institute, because drunk 15-years-old girls are normal in this age. My father is a suspicious person by nature. I ask myself whether it's good for his health? Olivia tell me in the night what really happened. As I hear it, I was scared. That what she said sounds really crazy. She told me that :,, I was in a dark and cold factory, I think the factory has been empty for years. I can't hear anything, but that what I hear was spooky, I hear two men talk about Jonathan they won't kill him, because of an old story." „Do you really didn't hear more?" I asked her sceptically. She shakes her head and says NO. It was 11 o'clock in the night where I hear our door in the ground floor coincidence, I want to wake Olivia up, but she wasn't in her bed. I run down, but all was dark I can't see my own hands before my eyes. Out of the dark, a hand grabbed me and pulled me into the kitchen as far as I could see. It was Olivia. She covered my mouth and whispered you swear not to scream? I nod. Then she whispered: "That are the men from the factory. They want you as leverage for Jonathan. They think I was you and put

me out." I looked her in the eyes and saw fear. We hide us behind the table. We hope that they can't find us. After a long time, we hear a car drive away. We stand up and turn on the light. My eyes must get used to it. As I can see what is really happening, I can't move. Olivia is afraid written all over the face. In the middle of the kitchen stands Jonathan with bloody hands he says it's not what it looks like. We laughed, that sounds like a movie. 😊 But after that, Dad tells us what is happening. The two men are old friends from him, but the interests went apart, the men with the names Kennedy and Alec came to the dark side. Jonathan wanted to hold them back, but they didn't listen. He thinks when he took a lovely thing away they stop. But that didn't help. He stole a chain with a red stone and dad lost Mom and Luisa. 😞 Who digs a pit for others falls into it himself. But we can't change the past. After the terrifying story we drink a hot chocolate and talk. We all want to find the killer from our mothers... 😊 so we have a goal. At first, we find out who they are?! Then we made a better plan and after this we make a plan b) . So nothing can hold us! Or not a lot 😊 The plan is shit, they are killers. We need a better plan. They are in the old sweets- factory. 24 in the Hamlatenstreet, let's go everybody. Wait we need a plan. Our plan is that we don't have a plan says dad. He is not funny. We drive to the factory and the first thing that I notice is the odour. The odour smells like old socks. We cough and go. We search a back entrance, but that is close, so we go into the frontline. I cannot see many things. The factory is spooky like the men. I think about: what is if our moms live and what is if the men are good and we don't know it???

!!!! HAPPY END OR NOT THAT IS THE QUESTION!!!!
